YACHT TAYACU

Barcelos, Amazonas Brazil

Brazil's Mobile Trophy Peacock Bass Amazon Angling Adventure

Overview of the Yacht Tayacu:

Trophy peacock bass are the norm when fishing aboard Yacht Tayacu.

While you might not find this operation featured during an ESPN Outdoors fishing program or, perhaps, within the pages of your favorite fishing publication, an ever-increasing number of American anglers have secretly kept information about Yacht Tayacu to themselves for several years. Unfortunately for the anglers that have

fished on the Tayacu for the past two years, the word is now out and this operation is now becoming one of the most sought after in the Brazilian Amazon.

The Yacht Tayacu on the Cuini River of the northern Brazilian Amazon.

This is a Brazilian owned operation with a "gringo" influence. The customer service and attention to detail by the owner, a world class angler himself, is second to none. Three varieties of peacock bass (barred, speckled and colorful butterfly) reside in the clear, blackwater rivers you will be fishing, among a host of other feisty gamefish that will test your tackle and angling skills to the limit. Every cast in these black water fisheries explored by the Tayacu might yield a potential line class or all-tackle world record. In recent years, no international freshwater gamefish species has garnered the attention as that of the peacock bass. Many of our guest anglers had planned a once-in-a-lifetime trip to Brazil for peacock bass, but once they experienced this fantastic gamefish, as well as the sights and sounds of the rain forest, the majority of them return each year for another chance to experience the pristine beauty of the Amazon and to do battle with another giant peacock bass.

Yacht Tayacu

Yacht Tayacu maintains one of the highest catch rates and land numerous fish of trophy sized proportions on a regular basis because this operation seeks out remote, lightly pressured fisheries, ones gleaned from the personal experience of its owner Marlon

Yacht Tayacu owner and operator Marlon Otero (seen in photo at left) will be on board with every group to do his best to make sure the trip meets your expectations.

do Carmo Otero. Marlon is not only the owner/operator of the Yacht Tayacu, but also a world class peacock bass angler. The personable Brazilian native and his crew offer more than 10 years of experience with clients from throughout the globe. Marlon was actually born on the banks of Arirarrá river (a Rio Negro tributary). As a young man, Marlon (seen in the photo at left) and his brothers were forced to learn the behavior of the mighty peacock bass and the best places to fish for them to help

feed his family. Fortunately, today Marlon hunts for trophy peacock bass not for the table, but for his clients to catch and release. At 80 feet long and 16 feet wide, this comfortable yacht can access waters as shallow as 34 inches to hunt for trophy locations. Undoubtedly the Barcelos – Santa Isabel region of the northern Brazil Amazon watershed is the most promising fishery in the world for trophy peacock bass for a host of reasons. There are numerous tributaries, oxbow lakes and secret lagoons; non-existent commercial fishing; very difficult navigation and the fact that commercial fishing was halted in 1996 and only subsistence fishing is allowed. The Yacht Tayacu takes you where the fish are, to the most remote regions of the Amazon watershed, including the Rio Negro, Padauri, Aracá, Cuiuni, Caurés, Arirarrá, Urubaixi, Preto, Alegria, Uneiuxi among other lakes and tributaries. Yacht Tayacu will offer you comfortable accommodations, delectable meals, quality fishing boats and some of the finest guides the Amazon has to offer. Allow us the opportunity to host you on your next peacock bass adventure to Brazil and you will soon create memories that will last a lifetime!

Yacht Tayacu Trip Duration:

9 days (including travel days) / 8 nights / 6+ days of fishing

Yacht Tayacu Package Pricing 2010-11 Season:

Yacht Tayacu Fishing Season:

September through March

Yacht Tayacu Capacity:

10 anglers per week

The Fishing aboard Yacht Tayacu:

Trophy peacock bass, like the one landed by Larry "X Man" Humphrey of Columbus, Ohio are very typical during your week-long peacock bass fishing adventure aboard Yacht Tayacu.

You will be fishing main river structure, as well as a multitude of lakes, backwater bays and hidden lagoons on numerous tributaries of the Rio Negro. The typical fishing day is long (we figure you can rest back in the states) and runs from 6:30 a.m. until 6:00 p.m. Anglers are paired two to a boat with an experienced Brazilian guide. The boats are 18- feet long, have stabile raised casting decks, swivel seats, new 50-HP Suzuki 4-stroke outboards and electric trolling motors.

Stabile 18-foot boats with casting decks fore and aft, electric trolling motors and new 50-HP Mercury outboards will allow you to fish in comfort aboard Yacht Tayacu.

These boats can cruise over shallow sandbars and flats and get you into places that other, heavier, fiberglass boats cannot reach. The fishing boats are fully equipped aluminum boats with outboard engines, life jackets, first-aid kits, and an icebox for cold drinks and snacks. One of the most appealing and exciting aspects of fishing for peacock bass is their propensity for attacking surface lures and flies. The strike is so dramatic that you will be startled when the first few occur. Peacock bass fishing is very similar to largemouth bass fishing in the states. Both species ambush prey from cover and structure. Cast topwater plugs, jerkbaits, Banjo Minnows and jigs to stumps, shoreline blowdowns, creek mouths and sandbars. This region is most productive following the rainy season, as the rivers, creeks and lagoons recede and the fish are drawn out of the maze of trees, root systems and lush vegetation. Keep in mind that the productiveness of your peacock bass adventure is largely dictated by the water levels, and occasionally the rainy season fails to abide by schedules and may add mid-season downpours. Quality loaner tackle is provided by this operation.

Yacht Tayacu

Travel Logistics to the Yacht Tayacu:

Anglers fly during a Thursday evening flight via Delta Airlines from Atlanta directly to Manaus, Brazil. After clearing customs and immigration, you'll be met by our representatives and taken to a hotel for some shut-eye. Early the

next morning, you will be transferred to the local airport for your charter flight to a city where the Yacht Tauacu is docked. Fishing will begin after meeting the camp manager and settling in to your room and receiving an orientation for the week. It is anticipated you will be fishing this first afternoon, but the fishing this first day will be determined by the charter flight schedule. The pilots are very safety conscious and will not fly in storms. Your safety is our primary concern. You will have six full days of fishing after this arrival day.

Availability on the Yacht Tayacu:

As the booking calendar changes on almost a daily basis, please contact our office for current availability on your specific travel dates.

Predominant Language Spoken aboard the Yacht Tayacu:

Portuguese is the official language of Brazil. Some of the guides can converse in Spanish, however, and know a few basic English words, especially as they pertain to fishing. It is wise to learn a few Portuguese or Spanish phrases before undertaking a trip of this nature. If you are fairly fluent in Spanish, you will have no difficulty communicating with your guide. Anglers booking this trip will be sent Complete Peacock Bass Angler text on CD, which will contain a basic English-Spanish-Portuguese translator. An English-speaking host will always be on the premises on the Yacht Tayacu. The guides are all willing to please and the language barrier is quickly overcome.

Yacht Tayacu Accommodations and Meals:

The accommodations aboard Yacht Tayacu are quite comfortable. Anglers reside in five staterooms, individually controlled air conditioning and private bathroom and shower in each stateroom. The Yacht Tayacu offers bunkbeds in each room, closet space to hang

items and lockable storage in each room. There is restaurant service, beverage service, including beer, soft drinks, juice and bottled water. Daily laundry service is provided. There is a 24 hour radio-telephone connection with Manaus and a Globalstar satellite telephone system aboard the yacht.

Yacht Tayacu

You will be treated to a buffet breakfast each morning at 6 AM, featuring fresh fruit, juice, pancakes, eggs, bacon, fresh baked breads and pastries. After breakfast, an array of cold cuts, fruit, pastries and soft drinks will be available to make a lunch which will be

packed in the coolers. Lunch is on the water, or elect to return to the Tayacu for a siesta and the mid-day meal. Dinner is more of an elaborate affair with a variety of meats, fish and chicken dishes. Many anglers enjoy the top observatory deck to unwind and tell fishing tales after a wonderful day on the water. Enjoy the crystal clear Amazon black sky with literally thousands of stars overhead as the Tayacu searches out new, productive fishing grounds each evening. You will also enjoy a weekly beach barbecue in which the Tayacu staff will pull out all stops on a pristine sandy beach and set up tables, chairs, an outdoor bar and present a delicious dinner one balmy evening during your stay.

Activities for the Non-Angler aboard Yacht Tayacu:

This operation is considered primarily a fishing facility, catering to anglers from throughout the world, however with Captain Marlon's experience in the Amazon rain forest, he can arrange trips to Indian village and to view wildlife, plant life and fantastic birding for the non-angling guest.

Weather aboard the Yacht Tayacu:

The Yacht Tayacu is located in the Amazonas region of Brazil and the weather at each is typically hot and humid, with temperatures ranging from 70 degrees overnight and in the early morning hours to the mid-nineties during the day. It is advised that visiting anglers consider long sleeve tropical weight shirts and long tropical weight pants to keep you protected from the equatorial sun's powerful rays. A wide brim hat is also recommended, as is a quality sunscreen and lip balm in the 30 to 45 SPF range. Even though we schedule your trip during the Brazilian dry season, showers and storms can occur, so please pack a rainsuit as the temperatures drop during these periods of rain.

Packing for Yacht Tayacu:

Upon receipt of deposits, you will be sent a detailed packing list, as well as other literature pertaining to medical precautions and other information regarding your trip. You will also receive a 100-page Complete Peacock Bass Angler text that will brief you on packing and peacock bass techniques and patterns.
